

WORLD HEALTH SUMMIT – FINDING SOLUTIONS FOR GLOBAL HEALTH

The World Health Summit is the unique international strategic forum for global health. Held annually in Berlin, it brings together stakeholders from politics, science, the private sector, and civil society from around the world to set the agenda for a healthier future by inspiring innovative solutions for better health and well-being for all.

The **World Health Summit 2023** takes place from October 15-17 in Berlin, Germany and online. Expected are more than 300 speakers and 4,000 participants on-site from around 100 countries. The whole program with more than 60 sessions will also be available online.

The World Health Summit was founded in 2009 on the occasion of the 300th anniversary of Charité – Universitätsmedizin Berlin. It is traditionally held under the **patronage** of the German Chancellor, the French President, the President of the European Commission, and the Director-General of the World Health Organization (WHO). President of the World Health Summit is Axel R. Pries, International President 2023 is Adnan Hyder, Senior Associate Dean for Research, Milken Institute School of Public Health at George Washington University, USA.

The World Health Summit strengthens collaboration and open dialogue guided by science, fosters global health as a key political issue and promotes the global health debate in the spirit of the UN Sustainable Development Goals. The World Health Summit stands for a science-driven and broad approach to global health development. The **key issues** are therefore interdisciplinary, science-based, cross-sectoral, and concerted. The World Health Summit promotes health as a human right, along with good governance, as political decisions affect human health.
