

WORLD HEALTH SUMMIT 2024

The World Health Summit is the unique international platform for global health. It brings together stakeholders from politics, science, the private sector, and civil society from around the world to set the agenda for a healthier future by inspiring innovative solutions for better health and well-being for all. The World Health Summit strengthens exchange, stimulates innovative solutions to health challenges, fosters global health as a key political issue and promotes the global health debate in the spirit of the UN Sustainable Development Goals.

The **World Health Summit 2024** takes place from October 13-15 in Berlin, Germany and online. Expected are more than 300 speakers in over 50 sessions and participants from around 100 countries. The whole program will also be available online.

The World Health Summit strengthens collaboration and open dialogue guided by science, fosters global health as a key political issue and promotes the global health debate in the spirit of the UN Sustainable Development Goals. The World Health Summit stands for a science-driven and broad approach to global health development. The **key issues** are therefore interdisciplinary, science-based, and cross-sectoral. The World Health Summit promotes health as a human right, along with good governance, as political decisions affect human health. Read [more](#)

The World Health Summit was founded in 2009 on the occasion of the 300th anniversary of Charité – Universitätsmedizin Berlin. It is traditionally held under the **patronage** of the German Chancellor, the French President, and the Director-General of the World Health Organization (WHO). President of the World Health Summit is Axel R. Pries, International Presidents 2024 are Sophia Zoungas, Head, School of Public Health and Preventive Medicine, and Christina Mitchell, Dean, Faculty of Medicine, Nursing & Health Sciences of Monash University, Australia.

The **academic foundation** of the World Health Summit is the M8 Alliance of Academic Health Centers, Universities and National Academies, a unique network of leading academic health centers, universities, and research institutions from all over the world. The International Presidency of the World Health Summit rotates annually among the members. Read [more](#)
